Education

University of British Columbia

Vancouver, British Columbia, Canada

Bachelor of Science in Chemistry

- Received the President's Entrance Scholarship.

Experience

Best Buy

Vancouver, British Columbia, Canada

Best Buy is a large American multinational consumer electronics retailer providing technology products and services

Software Developer II

- Worked on the Best Buy Purchase Family Mobile Activation Team.

Aug 2021 Present

Service Link

Vancouver, British Columbia, Canada

Service Link is a workforce management system software company servicing some of the largest utility companies in North America such as BC hydro, Con Edison, and Aqua America

Software Engineer

- Architected and designed the new client UI using React, Microsoft Fluent UI, Typescript, Redux, and Sagas.
- Modernized and automated the build process and release notes generation using the Jenkins pipeline. Saved many hours with each release.
- Integrated the client application login process with Microsoft Azure Active Directory.
- Overhauled the existing map to work with customer ESRI maps. Attracted new sales since ESRI is a core requirement for many customers.
- Transitioned the client application from jQuery to React. Dramatically increased UI development speed by introducing modular components.

Jul 2019 Aug 2021

Service Link

Vancouver, British Columbia, Canada

Support Engineer

- Strengthened application security using Nginx. Allowed the application to pass the HCL (IBM) AppScan.
- Customized the JIRA workflow using the JIRA script runner plugin.
- Created a dynamic PDF report generator using Apache PDFBox.
- Introduced and implemented the Gitflow Workflow to replace the Centralized Workflow. This greatly reduced merge conflicts and improved the quality of releases.

Jul 2018 Jul 2019

Protrade Asia Limited - Subsidiary of Acer Inc.

Taipei, Taiwan

Protrade is a full service trading and logistics company dealing in industrial raw materials

Special Assistant

- Designed software to automatically send price updates via e-mails using VBA. Reduced time spent by 5x.
- Created VBA macro enhanced excel spreadsheets to calculate and manipulate sales data to generate graphical reports.
- Provided training for sales staff regarding the petrochemical supply chain.

Oct 2016 Jun 2017
